REPORT OF INDEPENDENT AUDITORS

To the Trustees and Hanford Employee Welfare Committee for the
Hanford Retiree Welfare Benefit Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the Hanford Retiree Welfare Benefit Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of December 31, 2015, and the changes in its financial status for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

HANFORD RETIREE WELFARE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

Formation of the Plan – The Hanford Retiree Welfare Benefit Plan (the Plan) provides post-retirement benefits for eligible participants of Hanford Site Contractors. The Plan was established January 1, 2000 and is administered by the Board of Trustees (Trustees). Prior to January 1, 2000, the benefits offered through this Plan were administered by Fluor Hanford. All sponsoring employers are prime contractors or subcontractors for the Department of Energy (DOE) at the Hanford Site in Richland, Washington.

In prior years, the financial activity and associated disclosures for the Plan were consolidated into the financial statements of the Hanford Employee Welfare Trust (Active Employee) Plan for financial statement reporting purposes. For Plan year 2015 and future years, a separate financial statement will be issued for each plan. This change is merely being made for financial reporting purposes. This reporting change has no impact on the benefits offered to both active employees and retired plan participants. Additionally, as of January 1, 2015, approximately \$395,000,000 of post-retirement benefit obligations were transferred from the Hanford Employee Welfare Benefit Plan.

General – The following description is provided for general information purposes only. Participants should refer to the Plan documents for complete information regarding all of the Plan's definitions, benefits, eligibility, and other matters. The Plan is a post-retirement health and welfare plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Benefits – The Plan currently provides comprehensive medical and life insurance for Plan participants under age 65 and their dependents.

The Plan also provides retiree health reimbursement arrangement accounts, which are administered by OneExchange to Medicare-eligible Plan participants over age 65.

Health benefits are provided as either fully insured or claims based. Fully insured programs are administered by Group Health Cooperative and CIGNA. Claims based benefits are administered by UnitedHealthcare and Express Scripts, Inc. Annual open enrollments offer participants the opportunity to change their coverage elections.

The Plan provides post-retirement life insurance for participants both under and over age 65.

Eligibility – Participants who have at least 10 years of pension vesting credit, are at least age 55 as of the last day worked prior to retirement, and pay the required contributions, are eligible for continuing medical and life insurance coverage. Effective January 1, 2004, new hires are not eligible for post-retirement medical and life insurance benefits.

Plan Sponsors – As of December 31, 2015, the Plan Sponsors include CH2M HILL Plateau Remediation Company; Johnson Controls, Inc.; Energy Northwest; Washington Closure Hanford, LLC; Wastren Advantage Inc.; Washington River Protection Solutions, LLC; and Mission Support Alliance, LLC and its subcontractors (Akima Hanford Services, LLC; Dade Moeller & Associates; HPM Corporation - MSA; and Westech International MSA, LLC).

A Sponsor may withdraw from participation in the Plan by giving 30 days written notice of intent to the Trustees.

HANFORD RETIREE WELFARE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan (continued)

Benefit payments and insurance premiums – Certain health and life benefit options provided to participants are self-funded by the Plan and are the responsibility of the Plan Sponsors. As such, the Plan makes payment on these claims and these claims are reflected as health care claims benefit expense on the statement of changes in net assets available for benefits.

Alternatively, certain health options provided to participants are administered by outside insurance companies. The premiums paid for these options are paid by the Plan and are reflected as premium payments on the statement of changes in net assets available for benefits. Payment of the premiums transfers the risk of benefit payment to the insurance company.

Contributions – Participants contribute amounts as determined by the Plan. The Plan Sponsor contributions are calculated by applying an annual rate to their base payroll. The rate is determined annually as necessary to adequately fund the Plan.

Medicare eligible participants who reach age 65 are enrolled in a non-contributory health reimbursement arrangement administered by OneExchange.

Other – The Trustees have the right under the Plan to modify the benefits provided to participants. The Trustees have the right to amend and/or modify the Plan subject to ERISA provisions.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates – The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein. Actual results could differ from those estimates.

Risks and uncertainties – The actuarial present value of Plan benefit obligations is based on certain assumptions pertaining to interest rates, retiree demographics, and medical cost trend rates, all of which are subject to change. Due to the changing nature of these assumptions, and the uncertainties inherent in the assumption process, it is at least reasonably possible that changes in these assumptions in the near term could have a material effect on the financial statements.

Cash – Pursuant to its agreement with the DOE, the Plan does not maintain investments in interest-bearing accounts. Therefore, Plan assets are maintained in a non-interest bearing cash account. Sufficient cash proceeds are maintained within the accounts to fund the daily cash requirements of both the Hanford Employee Welfare Benefit Plan (Hanford Employee Welfare Trust) and the Hanford Retiree Welfare Benefit Plan. The Plan maintains its cash in bank accounts in amounts that, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts.

Note 2 – Summary of Significant Accounting Policies (continued)

The Plan funds certain claim payments via wire transfer to accounts used by benefit providers for such payments on a check-cleared basis. At December 31, 2015, the Plan had not completed such wire transfers to cover outstanding payments, resulting in drafts payable in these accounts. These amounts have been reflected as drafts payable on the statement of net assets available for benefits.

Administrative expenses – Some administrative fees relating to the direct management of the Plan's assets and benefit payments are funded by the Plan on behalf of the sponsoring companies. All professional fees incurred are paid by the Plan on behalf of the sponsoring companies.

Plan termination – The Plan committee or management of the Plan Sponsors have not expressed any intent to discontinue its contributions. In the event such discontinuance results in the termination of the Plan, the net assets of the Plan would be available for the exclusive use of the participants, but the manner and timing of allocation is left to the discretion of the Trustees.

Claims incurred but not reported – Obligations for medical claims incurred but not reported as of December 31, 2015, are estimated by the insurer (see Note 6).

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through October 5, 2016, which is the date the financial statements were available to be issued.

Note 3 – Tax Status

The Plan established under the Trust holds the Plan's assets and pays benefits in accordance with the Hanford Employee Welfare Trust Agreement. Although the Plan is a taxable entity under the Internal Revenue Code, the plan administrator understands that the Plan had no taxable income during the year ended December 31, 2015. Accordingly, no provision or liability for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 – Actuarial Assumptions

The amount disclosed as the post-retirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed to employees' service rendered to the date of December 31, 2015. Post-retirement benefits include future benefits expected to be paid to or for active employees after retirement and currently retired employees and their beneficiaries and dependents. The post-retirement benefit obligation represents the amount that is to be funded by contributions from the DOE or the Plan's participating employers at the time of payment of benefits.

The actuarial present value of the expected post-retirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, or withdrawal) between the valuation date and the expected date of payment.

Although the standardized medical trend rates specified by the DOE are considered reasonable, the rates have been adjusted slightly to reflect the Plan's use of a net claims valuation method (versus the gross claims method requested). The adjustment reflects the leveraging and dampening effects which deductibles, co-payments, and maximum benefit provisions exert on the trend in gross claims. The leveraging factor assumed increases in the trend rates and is reflected as follows:

Year Ending December 31,	Age Range Used	
	Younger Than 65	65 and Older
2016	7.00%	7.50%
2017	6.86%	7.32%
2018	6.72%	7.14%
2019	6.58%	6.96%
2020	6.44%	6.78%
2021	6.30%	6.60%
2022	6.16%	6.42%
2023	6.02%	6.24%
2024	5.88%	6.06%
2025	5.74%	5.88%
2026	5.60%	5.70%
2027	5.46%	5.52%
2028	5.32%	5.34%

Note 4 – Actuarial Assumptions (continued)

- Discount rate at December 31, 2015 - 4.25%
- Salary scale - Rates based on tables by vesting service and sub plan.
- Retirement age - Range from age 55 to 65
- Mortality - Healthy Lives: RP-2014 mortality tables with MP-2015 projection scale.
Disabled Individuals: DR-2014 mortality tables with MP-2015 projection scale.

** - Includes claims trend, medical trend, mortality

To develop the post-retirement benefit obligation, the actuary determines the future expected claims assumptions based upon paid claims for the period of October 1, 2011 through September 30, 2014. The actuary obtained this data from the administrators of the Plan: UnitedHealthcare for medical claims and Express Scripts for prescription drug claims. For participants with coverage through the Group Health Options Plan, the actual retiree premium rates were used. The post-retirement benefit obligations for both active employees and retired Plan participants are reported in these financial statements.

Note 6 – Plan Benefit Obligations

The following table details the statement of Plan benefit obligations at December 31:

	2015
Amounts currently payable	
Claims payable, claims incurred but not reported, and premiums due to insurers	\$ 413,288
Post-retirement benefit obligations, net of amounts currently payable	
Current retirees	199,845,760
Other participants	104,575,269
Participants not yet fully eligible for benefits	72,527,612
	<u>376,948,641</u>
Total benefit obligations	<u>\$ 377,361,929</u>

The following table details the statement of changes in Plan benefit obligations:

	2015
Amounts currently payable	
Transfer in of UHC liability	\$ 404,029
Increase in claims reported and approved for payment, including benefits reclassified from benefit obligations	9,259
Balance at end of year	<u>413,288</u>
Post-retirement benefit obligations, net of amounts currently payable	
Balance at beginning of the year	\$ -
Transfer in post-retirement benefit obligations	395,810,127
Change in deferred participation assumption	(19,847,832)
Changes in other actuarial assumptions	(7,309,461)
Increase in benefits accumulated during the year	3,415,878
Increase due to decrease in discount period	16,323,411
Expected benefit payments	(23,459,752)
Excise tax cost	12,016,270
Balance at end of year	<u>376,948,641</u>
Total benefit obligations at end of year	<u>\$ 377,361,929</u>

The health care cost-trend rate assumption (see Note 4) has a significant effect on the amounts reported. If the assumed rates increased by one percentage point in each year, that would increase the obligation as of December 31, 2015 by \$13,281,485.

Note 7 – Form 5500

The 2015 Form 5500, which is filed with the Department of Labor, has several assets, liabilities, income, and expenses that differ from the amounts shown on the accompanying statement of changes in net assets available for benefits. These differences relate to classification only and have no effect upon net assets available for benefits.
